It was a good decision to choose Cyprus and P.A. College!

"I was thinking about the Erasmus Programme and I finally decided to join. It was an amazing experience! I met wonderful people and I had the chance to live in a country of "eternal summer". I also improved my English language competence. P.A. College is a private institution with admirable and helpful students and lecturers. They were willing to help me with all problems. I received the impression that I was part of a large family. I am certain that I made a good decision to choose Cyprus and particularly P.A. College! I am sure that one day I will come back here!"
